

Discover the Benefits of Ayda's ResOps Suite

Ayda provides a suite of tools for a modern approach to Research Operations (ResOps), spanning recruitment and participant management through to incentivisation, quality assurance and fraud prevention

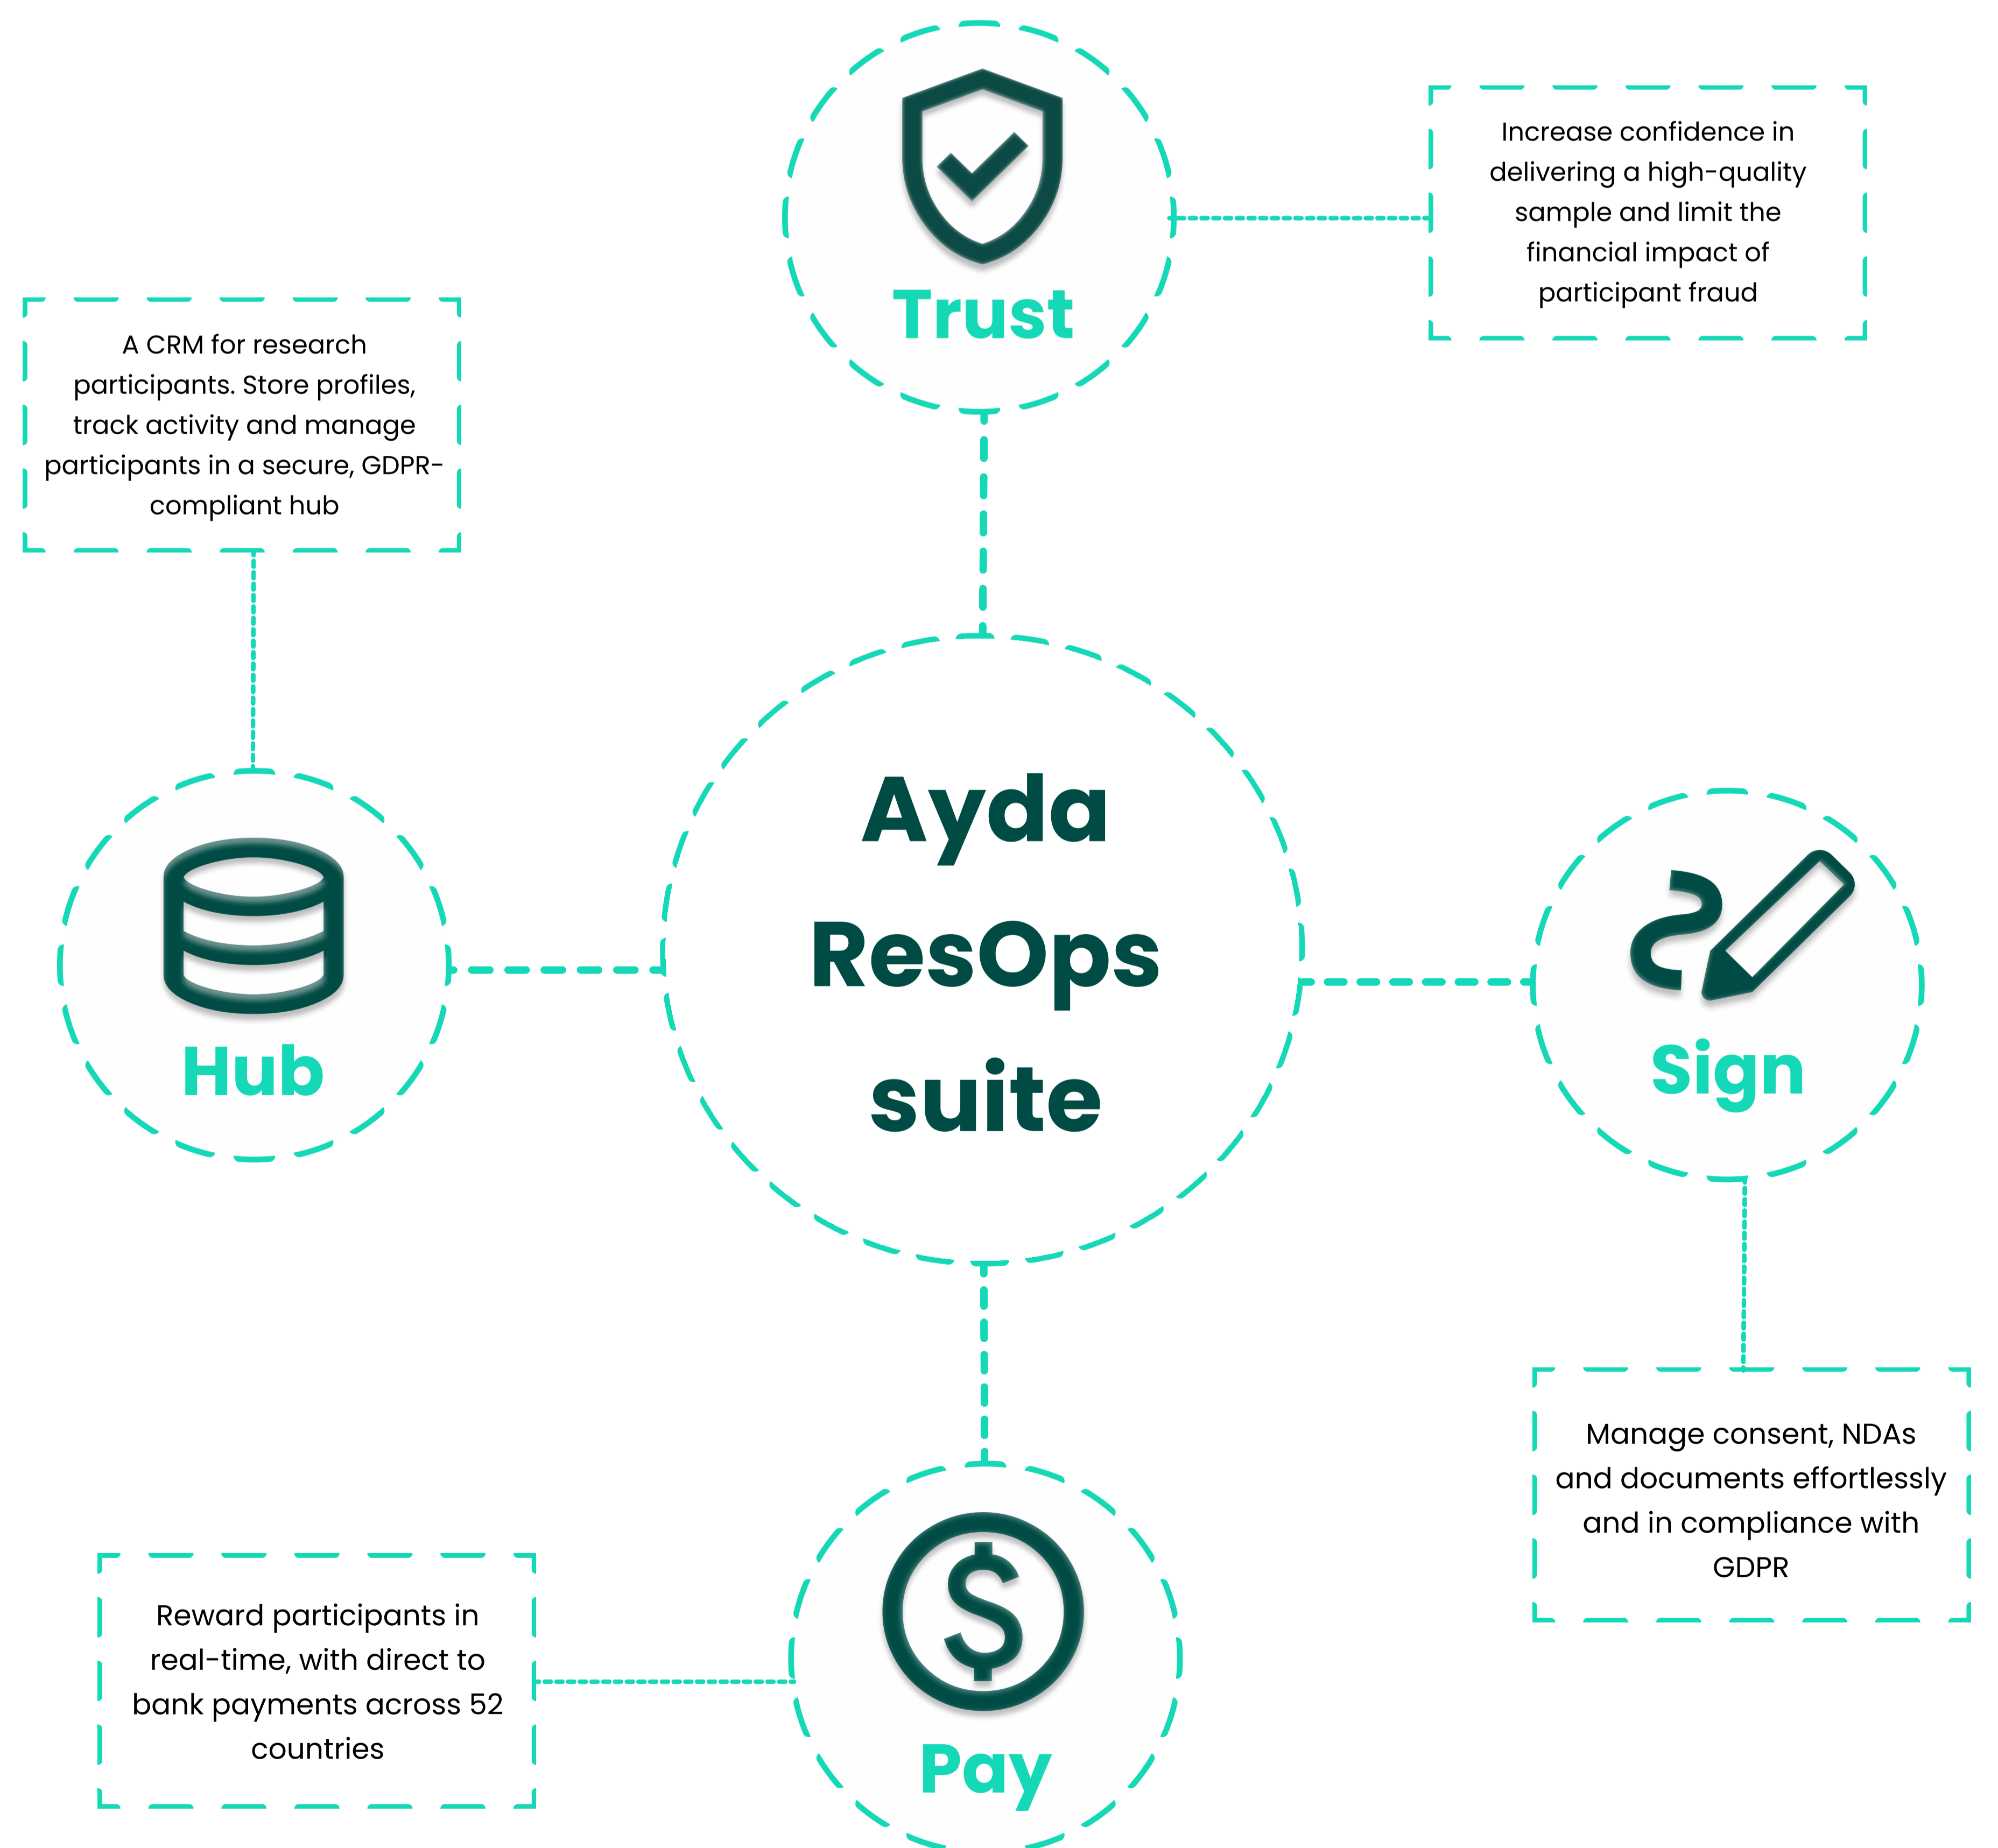

The optional tasks of data collection are vital to success but invisible to output. Ayda automates and streamlines these tasks, **saving you 5 days a month**

Save time & increase efficiency
Ayda's user-friendly online tools streamline and automate your time-consuming back-office processes.

Data Security & Compliance
Eliminate GDPR concerns. We employ bank-level security, and collect and manage data with strict compliance.

Retain participants by delivering an improved experience
Ayda gives participants a simple, fast, mobile-friendly way to accept research invitations, sign documentation and claim incentive payments, including direct-to bank

Book a **call** to discover how to **reduce your time**

Select a time that suits you
